Third Sunday of Lent

March 3, 2024

Dear Fellow Parishioners,
Happy 3rd Sunday of Lent! The Gospel reminds us today of Jesus' zeal for His Father's house and it is a great reflection to ponder in our lives as well. Do I experience zeal for the House of the Lord? I remember driving past the construction site of the "new" St. Jane's Church as a student to and from Notre Dame High School every day with great excitement to see the huge foundation and steel beams rise up in the early 2000's. There was a sense of awe and wonder as crowds came to the first Holy Sacrifice of the Mass with great zeal and enthusiasm. Bishop Cullen consecrated the altar with Sacred Chrism and blessed every inch of the new building in a stunning liturgy! From our beloved "basement" Church in Wilson to the grandeur of the new one in Palmer Township, our parish family was growing quickly and the House of the Lord that our people prepared was a beautiful offering to God.

Not every celebration of Holy Mass is as memorable as that day, but do I treat every Sunday and every Mass that I attend as if it was the greatest miracle I have ever been privileged to behold? Heaven touches earth and Jesus' perfect sacrifice on Calvary is represented at every celebration of the Eucharist! That should take our breath away. Lent is a great time to work on the fundamentals of our faith and our zeal for the Mass and worship in the Lord's House is a great place to focus. Listen to the prayers as if you have never heard them before. Try not to miss one word. Think about your posture and attire and how every word and action is a part of that worship we offer to the Father through the Son. Stay for a moment at the conclusion as the priest should be the first one to lead us forth back into the world during the recessional hymn to make a prayer of thanksgiving.

May zeal for the Father's house consume us in this holy season and bless every part of our lives!

Fr. Mark Searles

If You Give a Kid a Catholic School Education

By: Kira Clifford 5A

This book is dedicated to my mom and dad who pay for my education

If you give a kid a Catholic School Education. . .

She will want to learn about her faith by reading the Bible and asking her teachers to tell her about Jesus.

This will inspire her to want to go to Mass and listen to the readings and the homily and think about what her life could be like with Jesus.

She will learn to memorize a few prayers such as Act of Contrition, Our Father, and The Glory Be.

She will want to become a follower of Jesus and be a role model for people around her.

And those around her will want to practice their faith too.

On her best day she will pray to God, learn new things, and get good grades.

And through the storms of her life, she will overcome her fears, fix her mistakes, and ask for forgiveness.

Her mind will be enhanced and her heart will be filled with happiness, wisdom, and love.

And as she grows in her faith she will long for more people to learn about her Catholic beliefs and grow the Catholic community.

At one point she will graduate and go to Catholic high school where she will learn more about what God has in store for her life.

But she will never forget the helpful guidance and love she got from her teachers, her principal, and her classmates with things like writings and projects.

Then she will get a scholarship to a Catholic college.

And chances are if you give this kid a catholic education she will live a faithful life, pray to the Lord through the ups and downs, and spread the word of God through words and actions.

Help the Diocese of Allentown Grow!

St Jane Frances de Chantal is on a journey to know, love, and serve Christ in our parish community. Together we must embrace Christ's vision for missionary discipleship so our parish can thrive and be a place for others to grow together in faith.

The very first step in this process involves assessing our greatest strengths and opportunities, and that is where the **Disciple Maker Index (DMI)** comes in! The DMI is an important survey tool that invites you to reflect on your discipleship journey here at St Jane's. The Disciple Maker Index is designed to invite parishioners to reflect on their journey of discipleship, enable parish leadership to make data-driven decisions, and to help parishioners grow in their faith.

The 10-15 minute survey can be accessed through <https://portal.catholicleaders.org/dmi/survey/b36ydb> or through the St Jane's parish web site.

If you do not have access to a computer there are paper copies available in the gathering space. You will be asked to reflect on your own spiritual growth and enable you to provide your perspective on our parish's efforts to help you grow in relationship with Christ. All responses will be confidential, and the parish will only receive information about the community as a whole.

Let YOUR voice be heard! Bishop Schlert requests that ALL parishioners in the Diocese of Allentown partake in the **Disciple Maker Index (DMI)** survey. This important survey will make a huge impact on our Diocese, allowing us to improve and better serve our community! It only takes 10-15 minutes and it will benefit thousands of people -- including you!

Thank you for helping with this important project and please continue to pray for this intention and for the growth and protection of our parish.

Quick Tips for Healthy Eating with Diabetes

Good nutrition is a basic and important diabetes care tool. Eating healthy can help control blood sugar. And good control protects your long-term health and reduce the risk of diabetes complications.

Diets for people living with diabetes are often based on eating healthy meals at regular times. The practice of eating meals at regular times helps one's body to better use the insulin that it makes and/or gets through medicine.

Suggestions to consider include:

- Eat three meals a day and an evening snack. Do not skip meals, especially if on insulin or taking pills for diabetes.

- Control your portions and reduce temptations for seconds by keeping the serving bowls out of reach.

- Include fresh fruit, vegetables, low fat dairy products, lean meats, fish, poultry, tofu, and whole grains.

- Choose chicken without the skin, lean cuts of meats, or fish. Trim fats that you can see.

- Limit desserts/sweets and sugars. Avoid syrup, candy, jellies, cookies, and honey, or try the sugar free or diet types of these foods.

- Consider using sugar substitutes as a sweetener. Drink water rather than regular soda.

- Select canned fruits that are packed in its own juice and without sugar. Try unsweetened frozen fruit.

- Watch your weight. If you need to lose weight, do it slowly, usually 1-2 lbs. per week and inform your health care provider. If you lose weight without trying, talk with your doctor.

- Include exercise as part of your daily activity.

- Walking is a great way to exercise.

- Include high fiber foods in your diet. Fiber will help control your blood sugars. Fiber is found in many fresh fruits, vegetables, and whole grain breads and cereals.

Consult with registered dietitian and/or your health care provider to help you put together a diet based on your health goals, food preferences, and lifestyle.
